# Join us in Frankfurt

Project Blue's EV and Battery 2025 conference will bring together key automotive and lithium-ion supply chain players to discuss EVs, batteries and battery materials in Europe's automotive heartland.

Join us in Frankfurt for an exciting programme and get the latest market intelligence on cobalt, copper, graphite, manganese, nickel and lithium, as well as on anode, cathode battery and end-use markets.

Connect with industry peers across the supply chain, reconnect with existing contacts, and do business on the sidelines of the event.
